We are collectors—not growers

We offer only No. 1 collected plants. We handle only the best, as culls are expensive at any price. It sometimes happens that we are unable to supply items listed for reasons beyond our control; for instance, forest fires, season conditions, changes of ownership in real estate, etc. We mention this fact in order that our customers may help us bear our disappointments. We will always do our utmost to carry out our obligations.

TERMS

Terms are one-half cash with order, balance due on receipt of shipment, unless otherwise agreed.

Responsible parties known to us may have full benefit of trade rules.

A certificate of inspection is attached to every shipment.

We list only a few special items; can do many others if want list is submitted.

Boxes, crates and car decking charged at actual cost.

ANDEROMEDA PIERRIS FLORABUNDA

We have an exceptionally fine lot of these shrubs; heavy, bushy clumps, all heavy bloomers, and lift with fine balls. These run from 6 to 36 inches. We can supply these in carload lots. Price is per 100 or more; 10 per cent discount on carload orders.
